About DJC Solutions

DJC SOLUTIONS

PREVENTION LEADERSHIP

DJC Solutions LLC, owned by Dave Closson, is a modern-day consulting company centered around helping to create purpose and connection in the lives of those we work with. We have a combined focus of serving substance misuse prevention professionals, law enforcement officers, military members, and veterans across the United States and internationally.

Our work is collaborative, involving client personnel, resources, and the transfer of skills to the client. We work with specific objectives and clearly established outcomes and timing, contributing to the client's prevention goals.

Purpose

The purpose of DJC Solutions is to connect others to sustainable habits, aligned experiences, and next-level excellence for an optimal and fulfilling life.

Vision

The vision of DJC Solutions is to empathetically empower others to rewrite their narrative and elicit true freedom for a life authentically on their A-Game.

Mission

The mission of DJC Solutions is to lead a life by example to ignite motivation for greatness, innate sense of confidence, self-awareness, and security in authenticity.

Values

The values of DJC Solutions are to operate in a state of intentional movement. Map clarity around visions for actionable next steps. Build endurance and motivation to attain life's greatest goals, both personally and professionally.

About Dave Closson

Dave Closson, M.S. creator of DJC Solutions, is an established speaker, author, coach, veteran, and facilitator with a passion for linking arms with others who want to live an abundant life.

Born out of his desire to continually learn and grow, Dave is constantly pushing himself outside of his comfort zone and flexing his personal development muscle. His commitment to pushing limits and discipline resulted in him operating as an Army infantry team leader and sniper as a part of Operation Iraqi Freedom, serving as a university police officer at Eastern Illinois University, a published author, and being a nationally known speaker, trainer, and coach.

Dave has a Masters in Technology, Training and Development and Bachelors in Environmental Biology. Dave earned the Combat Infantryman's Badge and was awarded two Army Commendation Medals (one for valor and one for meritorious service).
